

I am writing to you regarding the possibility of the K-LOVE radio station being replaced by LPFM. I am asking that this not take place. It would quite honestly be devastating. About 5 years ago I was driving through town switching radio stations because I was not happy with the music I was hearing or all the commercials I was bombarded with. I happened to look at a sticker on a car in front of me that said 91.1. I did not know what would be playing on that station, but I turned to it out of desperation. At that time I did not even know there were Christian radio stations. The music and encouragement that poured from my speakers has changed my life. I have a daughter who is turning 5 this coming year and she sings the songs from the station and listens to the encouraging words right along with me. Since then my husband will also tune into K-LOVE before he turns to any other station. I have friends and family who come over to visit or drive with me in my car and they too are now listening to K-LOVE. K-LOVE is not your typical radio station. It is uplifting, rejuvenating, encouraging, and everything positive. My husband and I have been financial supporters for about 3 years and hope to continue for the rest of our lives. I periodically tune in to other stations and very thankfully turn back to K-LOVE because of the annoyance the other radio stations bring to my ears and my well-being. The words repeated through the airwaves, "Positive, encouraging K-LOVE" are absolutely true in every sense. The public needs K-LOVE. I am especially grateful for K-LOVE when I am having a bad day. I am a changed person when I tune in to the station. It is a radio station that lets me know that there is more going on in this world than what is happening in my life, or in Clovis, or in Fresno, or even in California. When you are tuned into K-LOVE, you are tuned into the events of the world. I do not know of any other station that can do all that.
